Docket No. 98N-1265
Food and Drug Administration
5600 Fishers Lane
Rockville, MD. 20857

I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain medically necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

COMMENTS: Stop messing with our right to determine what is best for us

my compounded prescriptions relieve my symptoms and make it possible
for me to live normally throughout the month; one-size fits all prescriptions
just made matters worse; any limitation would compromise my quality of life
which it has taken 2 years to get back; leave what works alone
